Forms of Cooperation with Law Firms

- **Correspondent counsel:** representing your firm's clients in Egypt in any legal proceeding, with periodic written reports.
- **Reciprocal referrals:** Egypt-related files come to us, and files connected to your jurisdiction go to your firm when needed.
- **Co-counsel:** joint work on cross-border matters.
- **Enforcement of foreign judgments and arbitral awards** before the Egyptian courts, and legalization of powers of attorney issued abroad.
- **Egyptian law opinions** for your firm or your clients.
- **Representation of foreign companies** and pleading in civil and criminal cases at every level.

We work under a clear written cooperation agreement before any work begins, with a single direct point of contact and reports in English or Arabic.
